

The NORTHAMPTON GENERAL HOSPITAL

FOUNDED 1743

Telephone No. 4680

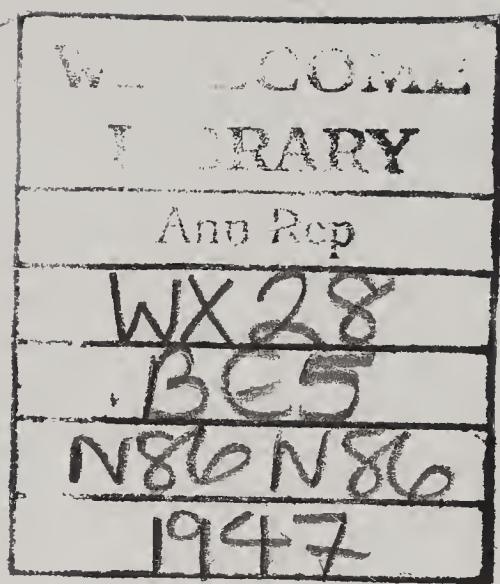

204th

ANNUAL REPORT

From JANUARY 1st to
DECEMBER 31st, 1947

1947

Foreword by the Earl Spencer

As this is the last Annual Report to be circulated before the transfer of this Hospital to the Government I feel that I must write a word of thanks to all who have befriended it since its inception over 200 years ago ; there are many who are still living to-day—there are many more who have passed away. To all I desire on behalf of the Board of Management to record our deepest gratitude for the magnificent work they have done.

Ever since the Governors did me the honour of electing me to the highest office I have had ample opportunities of seeing the devotion and care which have been bestowed upon the patients here, and I can truthfully say that no hospital has a brighter atmosphere than has this one.

Changes have taken place before in the hospital world ; in fact, since the 10th century when our first hospitals were in the hands of the monasteries, there has been a gradual building up of the system until we have to-day hospitals which have been described as “our greatest national heritage.” The first major change in the system came with the suppression of the monasteries by King Henry VIII and the beginning of secular responsibility. It was at that time that the care of the hospitals was placed in the hands of the citizens, but it was not until early in the 18th century that the public conscience was roused as to the need for more and improved hospitals in all parts of the country. Many new ones were then built and amongst them the Northampton Infirmary was opened in 1743. All were supported entirely by voluntary contributions and patients received their treatment free of all cost. About 50 years later this Hospital was erected upon its present site by means of subscription from the people of the town and county, organised by my great-grandfather ; it has of course since that time often been altered and enlarged in order to keep up with the latest improvements. Another great change came in the voluntary system, the initiation of the Contributory Scheme. In view of rising costs, it was

possible by this innovation not only to help to fill the gap between income and expenditure but also to encourage still further the sense of individual responsibility. It is estimated that over 10 million people have become interested in and have supported hospitals by this means. I also should make mention of the provision of Local Authority Hospitals, the cost of maintaining which has been met out of public funds ; many of these at the present time are excellent institutions, well planned, and with the latest equipment, but many too are still relics of the Old Poor Law Infirmary system and have not been rebuilt or adapted to take their place amongst the modern Institutions.

The next change which is about to take place—the co-ordination of State, Local Government and Voluntary Hospitals within the National Health Service—is a major change, the general provisions of which are well known to us all. Whether the change will immediately produce all the improvements hoped for is unpredictable, but it is earnestly hoped by us all that the present voluntary hospitals, when they are taken over, will not lose that wonderful spirit which has been so characteristic of them, and due entirely to the wealth of voluntary service and support which they have received from the local populations. The system has to go, but there can still be much voluntary service and I am sure that you will all help to keep that spirit alive, for if it dies you may be sure that British democracy will die also.

I now come to the point when I must render thanks to all who have worked so hard in so many different ways for the Hospital ; I feel it is most difficult to do so adequately. I do not propose to mention any names, but I have spent much time here and the many workers of all sorts with whom I have come into contact seem to me to be most devoted, keen, helpful and sympathetic—so to all of them let me express the deep gratitude which I am sure we all feel. Those who have worked for the Hospital from outside, I should also like to thank for their many kindnesses, their unfailing help and their great enthusiasm.

I feel that all these words are most inadequate but none the less they are sincere and brimming over with gratitude.

May I finish by asking you yourselves to accept my best wishes for the future.?

SPENCER.

PROCEDURE for OUT-PATIENTS and for PROSPECTIVE IN-PATIENTS, other than ACCIDENTS & EMERGENCIES

Patients, with the exception of those mentioned below, are seen only by appointments booked in advance at the Appointment Bureau in the Out-Patient Department.

Applications should state the patient's name, address, the nature of the complaint, the name of the doctor the patient's own doctor wishes him to see, and whether this is the first attendance, and should be made either personally, or by letter or telephone (No. 4680) between the hours of 9 a.m. and 5.30 p.m.

Applications for appointments with the Gynæcological and Obstetric Surgeon should also state whether or not the patient is a maternity case.

Out-Patients should bring their own Bottles for Medicine.

Patients for Physio-Therapy treatment must first be seen in the Out-Patient Department and should book an appointment in advance.

Patients who are required by their doctors to have an X-ray examination should attend at 10 a.m., on any day except Sundays. No appointment is needed unless the examination is one which requires special preparation such as examination of alimentary and urinary tracts, gall bladder, etc., in which case it is necessary for an appointment to be booked beforehand. Appointments may be booked in writing or by telephone, but if patients live locally it is advisable that they, or friends or relatives on their behalf, should obtain an appointment, instructions and medicine by a personal visit to the X-ray Department. Before proceeding to the X-ray Department for the Examination the patient should call at the Appointments Bureau in the Out-Patient Department for recording purposes.

Patients seen without Appointments:—

CASUALTY PATIENTS.

First attendance.

The Casualty Department is always open for accidents or emergency cases.

Second and subsequent attendances.

By arrangement.

DENTAL PATIENTS.

Town Patients.

Thursdays, 9 a.m.

Country Patients.

Mondays, 2 p.m.

PATIENTS FOR X-RAY EXAMINATIONS (other than those requiring special preparation as mentioned above.)

10 a.m. ON ANY day excepting Sundays.

VENEREAL DISEASES PATIENTS.

<i>New Patients.</i>	{ Men—Wednesdays 2 p.m., or Fridays, 6.30 p.m. Women—Mondays, 6.30 p.m. or Fridays, 11 a.m.

NORTHAMPTON GENERAL HOSPITAL GUILD

REPORT

FOR THE YEAR 1947

The Management Committee and Council of the Northampton General Hospital Guild have pleasure in submitting their Ninth Annual Report and Accounts being in respect of the year ended 31st December, 1947.

CONTRIBUTORY SCHEME INCOME.

Your Committees are pleased to report that the income of the Contributory Scheme for 1947 constituted a record for all time for the district. It is also the first occasion upon which the Contributory Scheme income has risen to a sum in excess of £50,000. The total income for the year being £52,592 1s. 10d. The income of each Scheme is as follows :—

	£	s.	d.
No. 1 Scheme	48067	11	4
No. 2 Scheme	3058	10	0
Private Ward Scheme	1466	0	6

The total income is an increase of £3,077 1s. 11d. in excess of the amount raised in 1946. The No. 1 Scheme reveals an increase of £2,034 16s. 11d., whilst the No. 2 and Private Ward Schemes show increases of £739 9s. 0d. and £302 16s. 0d., respectively.

In spite of the difficulties confronting the Contributory Scheme with the coming National Health Service, many new members have been enrolled throughout the year. 68 new groups were formed in places of employment, and 900 new individual members were enrolled through the head office. These factors have been the source of considerable encouragement to your Committees during what has been in many respects a very difficult year.

AUXILIARY BENEFITS.

Members and their dependents made considerable use of the auxiliary benefits granted through the Guild Scheme. The number of grants made being as follows :—

BENEFITS	GRANTS
Spectacles	481
Surgical Appliances	341
Convalescent Treatment.....	25
Patients' Transport	825

WAR MEMORIAL APPEAL.

District Committees continued to work enthusiastically for the War Memorial Appeal Fund, and up to the 31st December, 1947, the total amount collected toward the £250,000 required was £170,226 14s. 10d. Had it not been for the nationalisation of Hospitals, it is felt that the War Memorial Appeal Fund would by now have been almost completed. Nevertheless, the Appeal has met with a most astonishing success, and it is hoped that those places which have not as yet cleared their targets, will continue until fulfilment.

THANKS.

The members of the Management Committee and Council desire to express their sincere gratitude to all Group Secretaries, Village Collectors, and Cashiers in the many places of employment associated with the Contributory Scheme, for their efforts and loyalty which have resulted in such an outstandingly successful year's work. In congratulating all concerned, tribute is paid to the work of the Secretary and members of his staff.

FUTURE.

It is still not possible to give any definite information as to the future development if any, of the Contributory Scheme. Certainly if there is to be any future for the Contributory Scheme, it will operate on a different basis from that which it has been in the past. The Contributory Scheme will not in future be the medium of enabling Hospital patients to receive free treatment since this will be covered by National Insurance. The British Hospitals Contributory Schemes Association has helpfully listed various benefits which Contributory Schemes could continue to give. Your Management Committee and Council have appointed a Future Development Sub-Committee which has given serious consideration to the future of the Contributory Scheme in this district, and it is not unlikely that there will be room for a Scheme to continue to give certain limited benefits. In due course when the position is more clear, all Committee Secretaries and workers will be circularised regarding the problematical future. It is earnestly hoped that for the time being however, the work of our Scheme will continue in its present successful manner.

GEORGE LEWIS, *President.*
L. W. BRADSHAW, *Chairman.*
R. C. T. DYER, *Secretary.*
